

Ci5000, Ci4400 and Ci4000 Weather-Ometer[®] Workshop 2020

Presented by Atlas Material Testing Technology LLC

Course Dates & Locations

Mount Prospect, IL

- July 15, 2020: 8 am - 3 pm
- October 7, 2020: 8 am - 3 pm

Course Objectiv

A dedicated course for the operators of the latest in weathering technology: the Atlas Ci5000, Ci4400 and Ci4000 Xenon Weather-Ometers! This full-day course guides you through basic operation, calibration, and maintenance. Plus, you'll learn how to navigate the state-of-the-art controller to conduct on-line calibration, set up custom test programs and troubleshoot through comprehensive diagnostic screens.

Registration and Confirmation

The workshop is held at Atlas Material Testing Technology LLC located at 1500 Bishop Court, Mount Prospect, IL 60056.

The registration fee for the Ci Weather-Ometer[®] Workshop is \$575 per person. Registration includes refreshments, lunch, and course materials. Advance registration is required for attendance.
